

## **Year 9 Events Report 2025**

### Woodhouse Eaves Yard Sale

Our second village-wide yard sale was held in July 2025, there was a good take-up from people again with 44 houses taking part throughout the village. Sadly it was a wet day but still successful and the weather dried up late morning and more people were out and about buying, selling and enjoying the day. It was a good day both in terms of a fun village event and fundraising for GNS, bringing in a profit of nearly £300.

We don't have any plans yet for doing it again in 2026 but watch this space for any news.

### Community Picnic September 25

There was a new format for the latest Community Picnic and it was held in the youth and community hall and village green. This made it a lot easier for set up and serving drinks and cakes during the afternoon, overall felt that it worked well in this venue and it gave us a wet weather contingency.

During the afternoon there was a lovely mix of ages and relaxed 'community afternoon'. Thanks so much to all who volunteered their time setting up, during the event and packing away after. The main aim was to get people together but profit of £227 also made.

It's a definite for the village calendar in 2026!
