

Year 8 2024 Community Wheelchairs review

The Good Neighbour Scheme has 6 wheelchairs to loan to anyone in our community for appointments or longer periods such as going out for a day trip or on holiday, or when someone has had a fall or is recovering from an operation. The wheelchairs can be delivered and collected, and training is available. There were 32 wheelchair loans during 2024.

Thank you to everyone who have given us a wheelchair and in particular to Ann Irving who chose one specifically to give to the Good Neighbour Scheme following her personal experience of borrowing a wheelchair from us. They are a valued resource for those moments when they can change things significantly.

Thank you also to Bromakin, the mobility specialist in Loughborough for their continued support and advice.

Miranda Brookes
Community Wheelchairs Coordinator
