

## **Year 8 2024 Events report**

### Woodhouse Eaves Yard Sale July 24

- First event of its kind, aim was to be both fundraising for GNS and a community event to get people together.
- Run in partnership with WE Plastic Free who were a great help with initial advice and promotion through their networks.
- Benefit – very low cost to run and minimal set-up required on the day, people are responsible for their own setting up and tidying away.
- Event was a great success, nearly 50 houses taking part
- Profit of £540
- We'll be doing it again! Late June/early July. No plans yet.

### Community Picnic September 24

- Same format as previous years, on the King George V playing field.
- Ukele band joined this year who were excellent.
- Sadly the weather was against us and it was very wet.
- Small number of faithful supporters came which we were glad of and we still sold out of cake!
- Small profit of £86 made
- Decided to change the format for 2025, we'll be hiring the youth & community hall and holding it in there and the playing area.
- Provisionally booked for 7<sup>th</sup> September
